Virtually  
All you need.

# Welcome Message

**Craig Martin**  
Owner/ Clinical Educator

Welcome to Virtual Nurse Educator, your dedicated partner in delivering educational programs for small hospitals and day surgeries.

I'm Craig Martin, your Virtual Nurse Educator, with over 20 years of healthcare experience, ranging from an Enrolled Nurse to a Theatre Manager and a Regional Learning and Development Co-ordinator for a group of large private hospitals.

By partnering with Virtual Nurse Educator, you gain access to a dedicated Nurse Educator who understands your role and the challenges you face in managing a small hospital or day surgery. Together, we can elevate the standard of care within your facility, enhance patient safety, and improve outcomes.

Thank you for considering Virtual Nurse Educator as your educational partner. I am excited to embark on this educational journey with you, supporting your efforts to provide exceptional care and ensure compliance with the NSQHS Standards. Let us work together to significantly impact on the quality of healthcare in your small hospital or day surgery.

Cert IV Training, MACN, MACORN, MACPAN

# The Scenario

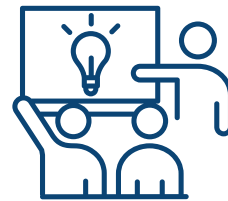

Many Day Surgeries find themselves in this situation.  
A reliance on four separate sources of education.

## Online Learning

Use of a Third-Party Provider

## Mandatory Training

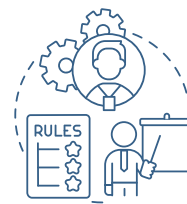

Reliance on a variety of Third-Party Providers  
Scheduling issues for facility

## Clinical Competencies

Inconsistent competency assessments

## Staff Onboarding

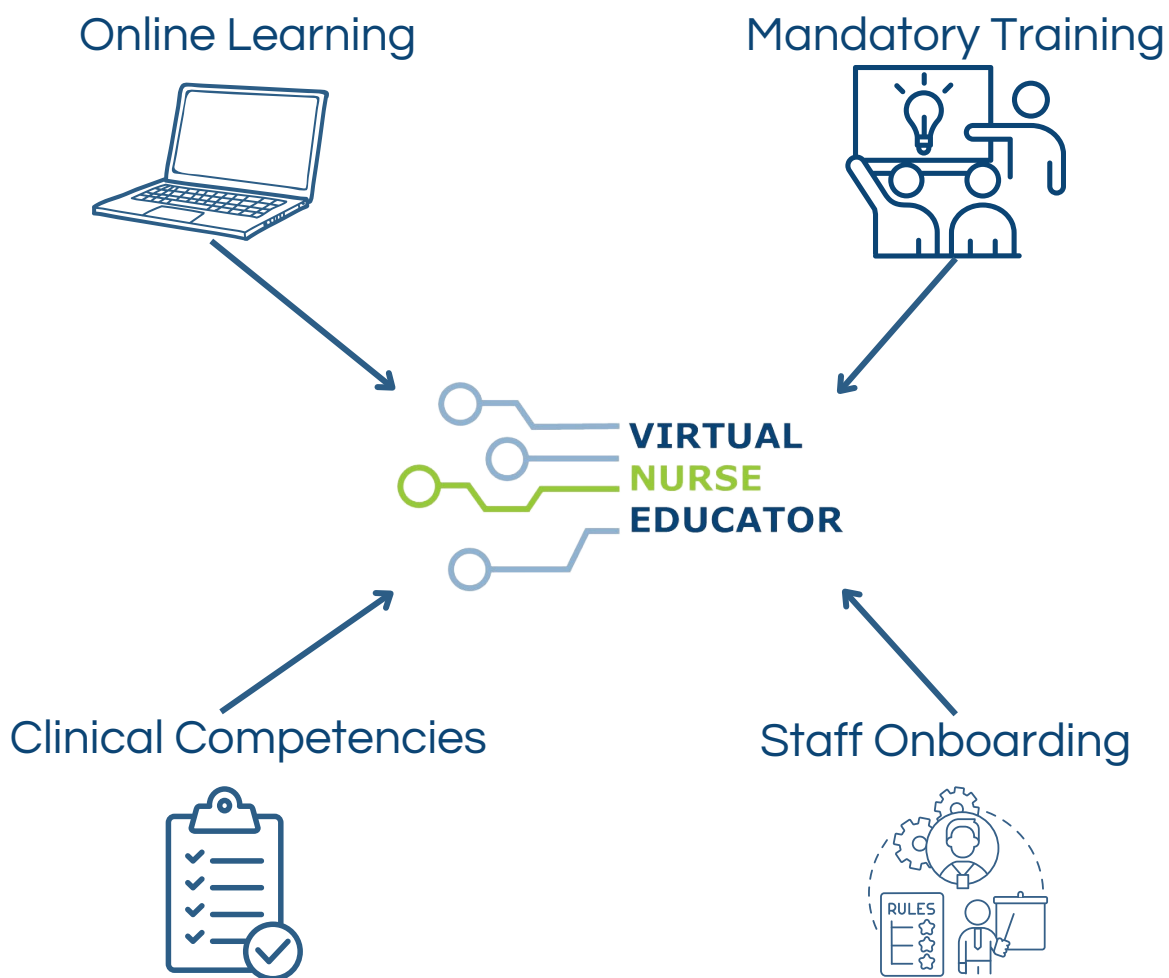

Inconsistent approach.  
Use of available staff  
Use of hospital manager

# Our Solution

We have consolidated the four sources into a single organised bundle.

# What we offer

**We offer a full suite of education solutions for your facility.**

Here are some of our educational services:

- Utilising our own Learning Management System for online learning
- Onboarding and orientation for staff
- Clinical competencies training
- Necessary practical training
- Education resources compliant with NSQHS Standards
- Record keeping compliant with NSQHS Standards
- Customised education to meet your needs

# Our mission

To empower healthcare professionals to provide the highest level of care to their patients through innovative, evidence-based educational programs.

# Our values

Quality  
Accessibility  
Innovation  
Collaboration  
Community

# Online Learning

We have developed our own Online Learning Management System to help keep our price accessible for you.

---

Delivery - Our bespoke Learning Management System (LMS) allows us to create and adapt learning modules for your facility

Assessment - Are based off NSQHS Standards and are done in a way to ensure understanding of topic

Reporting - is generated monthly.  
A list of names and completed modules.  
As well as percentage complete showing progression.
